REBATE TERMS:

Rebates are only available to Arkansas residents who replace an existing appliance with a new ENERGY STAR® qualified model listed on www.AR.State-Rebate.com. Model numbers not listed on this Web site will be verified and approved only if determined to be an ENERGY STAR® qualified product for an eligible product category. To determine a product's ENERGY STAR® qualification, Arkansas's agents will use model information available to the public at www.ENERGYSTAR.gov for the categories selected. Substitutions of products or product categories are not allowed. Applications are limited to one rebate per product category per household. Purchase of products that are used, rebuilt, rented, leased, exchanged, won as a prize or purchased at auction or online auction are not eligible. By applying for a rebate and receiving an approval confirmation, rebate funds are not set aside for the applicant. Only when all program requirements are satisfied will the funds be allocated to the applicant. Approved rebate applications will receive a check. Checks will only be mailed to an owner address. The rights to a rebate or a rebate application may not be transferred or sold. Forms must be legible. Fraud of any type could result in federal prosecution under the U.S. mail fraud statutes. The State of Arkansas is not responsible for lost, late, damaged, illegible, misdirected or postage-due applications. Resolution of any disputes will be governed by Arkansas law. Please allow six (6) to eight (8) weeks for delivery of the rebate. If you have not received your check between six (6) to eight (8) weeks of submission, you may visit www.AR.State-Rebate.com.
