

Energy Smart Loans

FOR ENERGY EFFICIENCY HOME IMPROVEMENT

0% interest loans to qualified applicants for attic insulation

Zero interest loans for energy efficiency home improvements, including attic insulation, are now available through Conway Corporation's Energy Smart program. To receive the loan:

- Perform inspection of attic insulation to determine the need for additional insulation (9 inches or less).
- Provide estimate from vendor and apply for energy smart loan.
- Vendor verifies need and installs insulation.
- Conway Corporation will remit payment to vendor upon completion.

NOTE: Customer may self-install attic insulation and qualify for loan with pre and post installation inspections performed by Conway Corporation representative.
